

Aquaglide

MULTISPORT

Multisport combines the tranquility of sailing, the thrill of windsurfing, the excitement of towing and the fun of kayaking – all in a compact package that can go anywhere. The Multisport costs a fraction of the price of any sailboat and offers a much wider range of use.

Multisport Offers Total Versatility.

The Multisport converts in seconds from sailboat to windsurfer, kayak or even a high performance towable.

Multisport Makes it Easy.

Regardless of your age, weight, or athletic ability, you will learn to sail or windsurf the first time you try. The wide stable hull, ultralight rig and forgiving helm make it easy.

Take it Anywhere.

The Multisport can be used anywhere there is water – lakes, rivers, oceans and ponds. The fins are only 12 inches deep, so the Multisport can be sailed in very shallow waterways, and turns on a dime.

Compact, Quick & Easy to Assemble.

The Multisport hull is inflatable and can be assembled or stowed in the compact carrying case in less than 10 minutes – no tools required. Compact enough to fit into the trunk of a car, check as airline luggage or stow on your boat.

An Award Winning Design.

Since its introduction in 1998, the Multisport has become the largest selling sailcraft in the world, and its popularity continues to grow. Awarded the IMTEC Innovation Award for excellence in watersports design, the Multisport has earned widespread honors throughout the marine industry.

One Year Warranty

Our products are the best in the business and we stand behind them. We proudly offer a One Year Warranty against all manufacturing defects.

Multisport 3.1

Description: Multi-sport watercraft for 1-2 people.

The Multisport is all about having fun on the water. Few experiences in life are better than sailing effortlessly across the glistening water with a warm breeze on your face. The Multisport 3.1 represents a new design series, and performs flawlessly as a sailboat, windsurfer, kayak or towable. Comes complete with sailing rig and Standard Carry Bag. Packs up into a compact package, ready for the next perfect day on the water. Comfortably carries 2 adults in sailboat mode.

Specifications: 84" L x 59" W x 10" H

Multisport 4.1

Description: Multi-sport watercraft for 1-3 people.

With all the features of the 3.1, the Multisport 4.1 offers a larger hull and sail for better light wind performance, more cockpit space and greater stability. Bring a cooler and go exploring, or perhaps a couple of kids learning to sail. Heavier sailors will appreciate the 4.1's additional stability when windsurfing. The Multisport 4.1 represents a new design series, and performs flawlessly as a sailboat, windsurfer, kayak or towable. Comes complete with sailing rig and Standard Carry Bag. Packs up into a compact package, ready for the next perfect day on the water. Comfortably carries 2-3 adults in sailboat mode.

Specifications: 102" L x 59" W x 10" H

Multisport Kayak Kit

Description: Kayak option fits all Multisport models. Converts the Multisport into a comfortable, stable, sit-on-top kayak. Includes folding padded seat with mesh storage compartment that's perfect for a beverage, lunch, or light jacket. Aluminum shaft paddle ends clip into the top section of the Multisport mast with convenient spring pins.

Deluxe Multisport Travel Bag

Designed specifically for the Multisport (all models), this deluxe padded travel bag has padded dividers and webbing straps to keep everything right where you put it. Several extra pockets offer ideal storage for mastbase, pump, and personal items. Heavy duty luggage wheels make transport a "breeze".
