

Aquaglide

Retro3™

Description 3 person deck towable with high seat surround and side wings. Tows forward or backward.

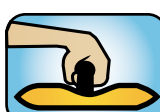

Specifications 84"L x 95.5"W x 29"H

One of our premium towables, the Retro™ is a hot rod for the water! Retro3™ offers roadster-style performance for up to 3 people. Low deck seating keeps center of gravity low and built-in side wings help maintain fast-sliding stability even in the roughest of conditions. Comfortable shoulder height surround keeps riders secure no matter how extreme the conditions. Looking for even more action? Turn the Retro3™ around and ride chariot-style for a more active approach!

The newly updated 2010 Retro3™ uses heavy duty 26 gauge PVC bladders covered in 840d nylon for the best combination of strength, durability, performance and style. Includes heavy duty webbing reinforcement at front and back towing eyes, and a QuickConnect Tow attachment at the front.

Retro3™ Features

 <p>Rapid Inflate Valve This unique valve system offers the best possible combination of high air volume and ease of use.</p>	 <p>1 Year Aquaglide towables are the best in the business. We proudly offer a 1 Year warranty against manufacturing defects.</p>
